3 The Restrictions will not apply to any aircraft flying in accordance with a permission granted by the Air Traffic Control Unit at Farnborough Aerodrome.

**Note:** Farnborough will provide, whenever possible, a RA(T) crossing service on their LARS frequency of 125.250 MHz during their published operating hours.

## 4 Warnings

4.1 Pilots are warned that an unusually large number of departures can be expected in the vicinity of Farnborough on 26 July 2010.

4.2 Pilots are reminded that unless flying in accordance with para 3 above, the Restriction of Flying Regulations prohibit entry into the Restricted Area (Temporary) during the periods of activation.

---

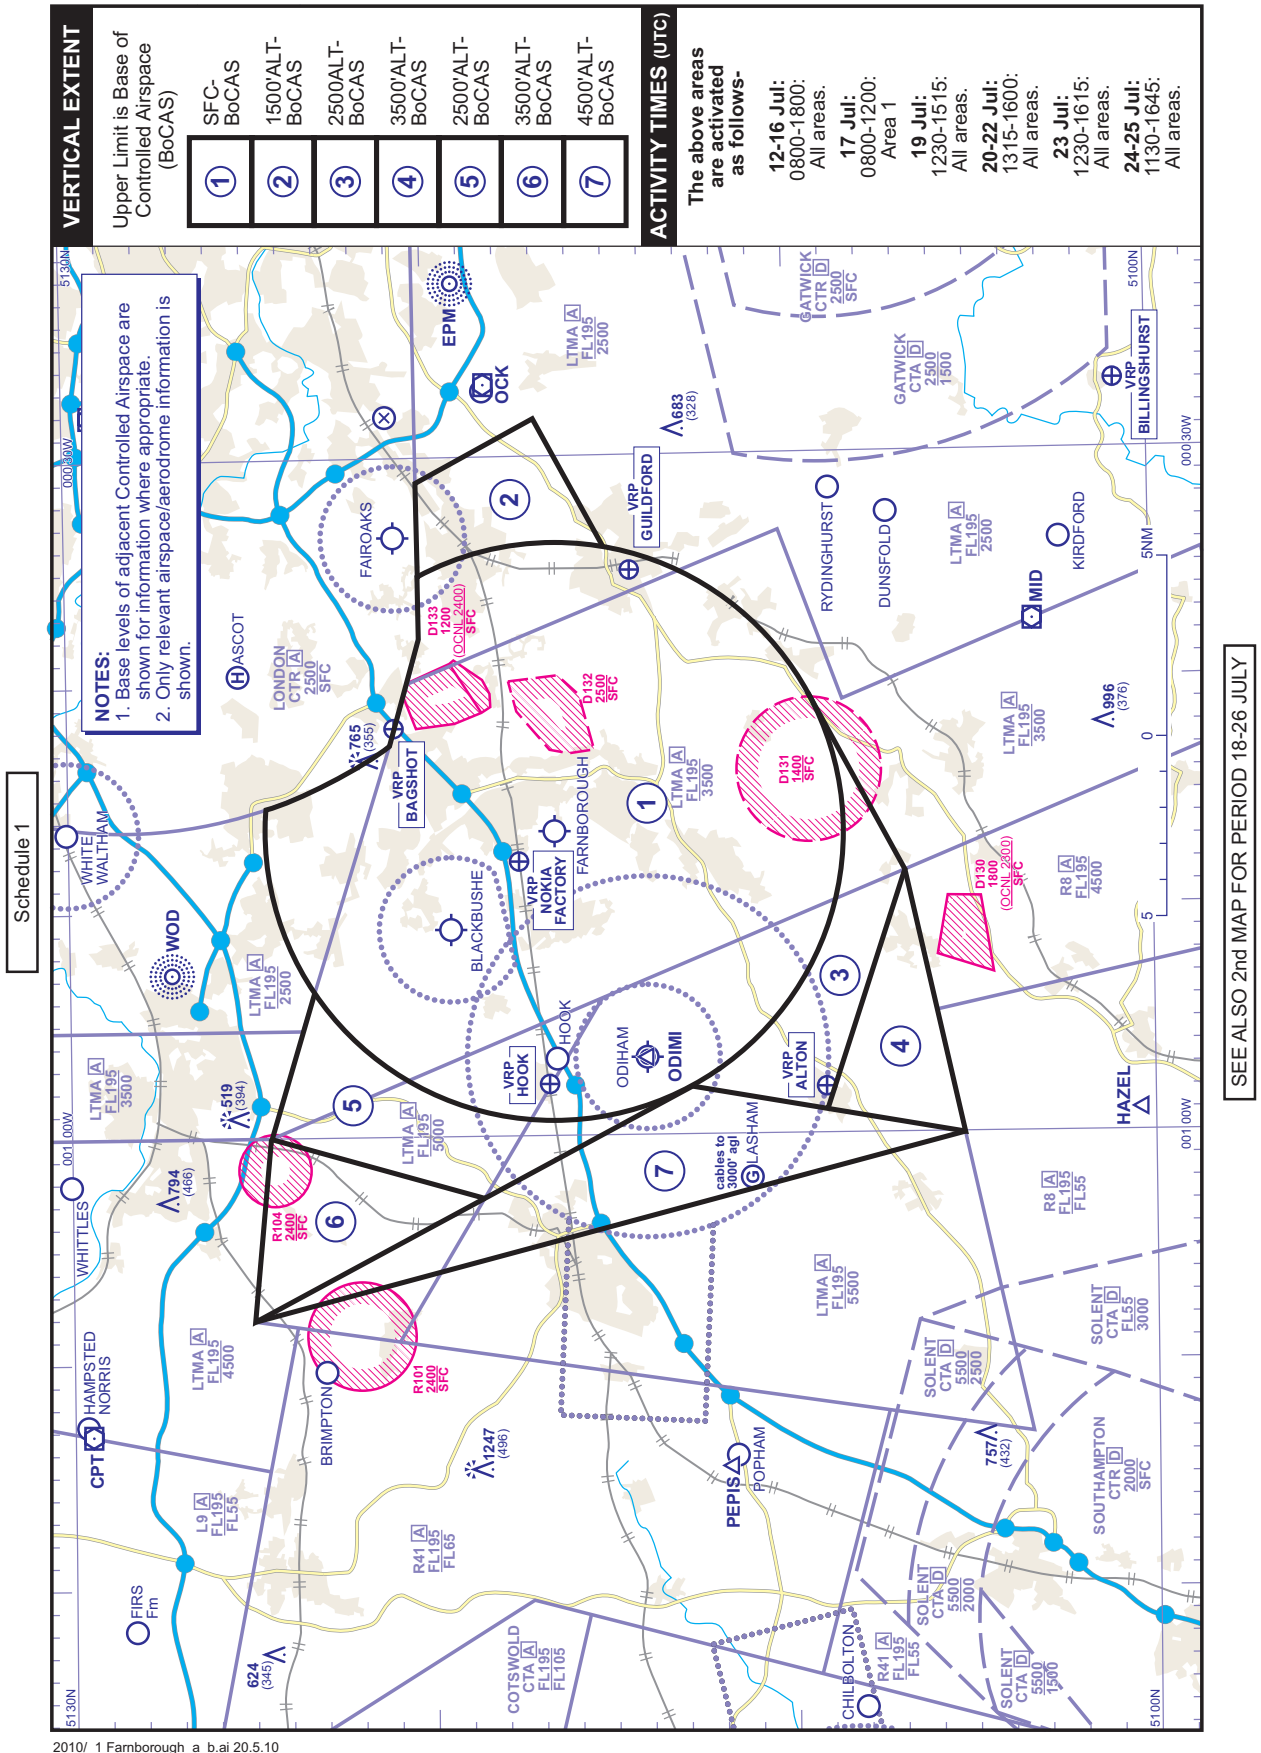

4.3 Pilots are strongly advised to avoid operating in the vicinity, particularly just below the vertical limits, of the Restricted Area (Temporary).

4.4 The Restricted Area (Temporary) directly affect, or are adjacent to, controlled airspace, a number of Aerodrome Traffic Zones and a large number of aerodromes/flying sites that do not have Aerodrome Traffic Zones. Aerodrome Operators and ATS Units affected by these RA(T)s are requested to bring this AIC to the attention of their resident and local operators.

**4.5 Pilots are reminded of a further Restricted Area (Temporary) in the vicinity of Fairford/Brize Norton will also be in force during the period 14-19 July 2010 for the Royal International Air Tattoo (RIAT). A separate Mauve AIC for RIAT will be published on 17 June 2010.**

5 Details of Restricted Airspace feature in the daily AIS Information Line message (0500-354802) and will be included on the Pre-flight Information Bulletins (PIB) through the AIS Web site at <http://www.ais.org.uk>.
